

Aqua Run with Double Slide Dolphin 6m

Water fun for every pool

It goes without saying a pool is fun in itself, but a pool with a slide is even better! And this cool slide is even more special, because it has plenty of play options as well. This obstacle course comes with fun objects to step over or crawl between. This fun water theme with dolphins truly completes this unique water attraction.

Safety first

We ensure that our water attractions can safely be used by everyone. Items manufactured by JB are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. We will provide you with an approved inspection certificate, a blower, a log book and a clear manual. In order to ensure the attraction stays in place and does not float off or gets too close to other objects, anchor points have to be fastened with appropriate anchoring materials. It is a safe start to any party.

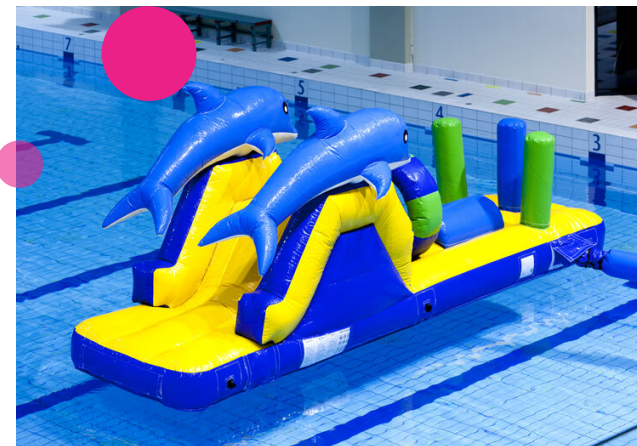

Strong and colourfast material

At JB we set high demands on our products. In order to guarantee quality, we use high frequency welded PVC material of 900 gr/m². The material has a useful protective coating that is resistant to influences of chlorine and other water properties. The Dolphin Run with slide is easy to clean and is durable in use. This water attraction comes with a 1-year warranty.

Purchase this pool Dolphin Run with slide and deliver the experience your customers will remember as a fun day!

Rely on our experience of more than 15 years

More than 15,000 customers have already led the way, because JB has made people around the world jump for joy for over 15 years now. The professional service provided by our team of designers, developers and logistic staff allows them to supply unique inflatable attractions in a grand way! That is exactly why our customers call us 'creators of greatness'!
