

Aqua Run Jungle 12m

A jungle on water

Allow kids to compete against each other on this obstacle course. Who will make a splash and be crowned the winner? Not only does this water obstacle course guarantee water fun, but it is also perfect for a bit of a competition. This will make every visit to the pool a great one!

Safe water attractions

We ensure that our water attractions can safely be used by everyone - and we have done so for years. Products manufactured by JB are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. We supply an approved inspection certificate, a blower, log book and a clear manual, so you have everything you need in a complete package for a fantastic experience. In addition, all pool products come with a Bravo air pressure gauge to ensure the right air pressure is entered. In order to ensure the attraction stays in place and does not get too close to other objects, anchor points have to be fastened with appropriate anchoring materials. A safe start to any party.

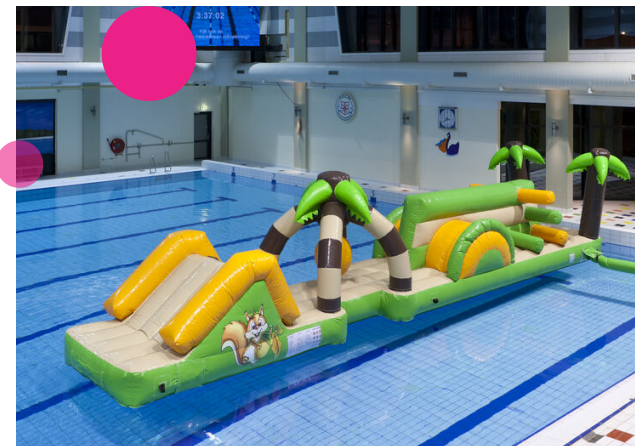

High quality demands

In order to guarantee the quality of the products we offer, we use high frequency welded PVC material of 900 gr/m². The material has a protective coating that is resistant to influences of chlorine and other water properties. The Double Jungle Run is easy to clean and durable in use. This fun water attraction comes with a 1-year warranty.

Purchase this Double Jungle Run and deliver a wonderful experience to the kids visiting your pool.

More than 15,000 customers already rely on JB

In the well over 15 years of our existence, we have made more than 15,000 customers around the world jump for joy. And that makes us proud! Our team of designers, developers and logistic staff supply unique inflatable attractions in a grand way! Thanks to them our customers are assured of our professional service and delivery. They tend to call us 'creators of greatness'.
