

Soccer Goal green

A practical and easy to use small-sized football goal!

This small-sized football goal is super fun for use during, for instance, a sports day! The goal is available in the colours red, green and blue. The goal is completed with material that comes with a great football animation print. The material itself has a variety of holes, each with their own score. It is very practical for practising shooting skills without the need for a goalkeeper! The football animation print can be removed, which means it can also be used as a regular goal with the size of an indoor football goal. It is a fun and challenging football game for young and old alike!
